

AI CV Review Prompt for Teachers

Review Your Teaching CV Like an International School Recruiter

A Free Resource by Empowered Teachers Forum

Before You Start

If you've been applying for teaching jobs but receiving few or no interview invitations, your CV may be the reason, not necessarily your experience.

Many international schools receive hundreds of applications for a single vacancy. Recruiters often spend less than a minute on an initial CV review, and many schools use **Applicant Tracking Systems (ATS)** to filter applications before a recruiter even sees them.

This guide will **help you use AI to evaluate your CV** through the eyes of an experienced international school recruiter. It is intended to **identify strengths, reveal gaps, and give you a clear plan** for improvement.

What you'll need:

- Your current CV (Word or PDF)
 - A ChatGPT account (Free or Plus)
 - 15–20 minutes
-

How to Use This Resource

1. Open ChatGPT.
2. Start a new chat.
3. Copy and paste the prompt below.

4. Upload or paste your CV when prompted.
 5. Review the feedback carefully.
 6. Make the suggested improvements.
 7. If you are applying for a specific job, repeat the process using the job description for a more tailored review.
